

I do not want the FCC to implement any proposal that would lessen Indiana's Telephone Privacy law protections. Except for election time, this law has removed all of the unwanted solicitation phone calls for our home. Before we put our name on the list we would receive between 6 and 10 calls a night, between the times of 6:00 pm and 10:30 pm. This calls would be for all kinds of items and trash. Now, except for the political calls, we have not been bothered by these solicitation calls. If you really want to help us, add additional teeth to our law and ban the damn political calls! That would really be great! Thank you! Mark Liddy
